

Partner Organizations: Connections

1. Policy

Health Informatics must approve requests from partner organizations to connect desktop computers and printers owned by clients in partner organizations to the Providence Health Care (PHC) network. Once a partner organization is connected to the PHC network, they must agree to comply with PHC information management policies.

2. Procedure

Contact PHC Enterprise Informatics at PHCENTERPRISEINFORMATICS@providencehealth.bc.ca, and if authorized, submit help desk ticket to IMITS.
