

# Fast Track Composite Resection Clinical Pathway\*

## Site Applicability

Vancouver General Hospital (VGH)

UBC Hospital

## Pathway Patient Goals

## Inclusion Criteria

## Home Discharge Criteria

## Instructions

1. Review pathway once per shift for patient care goals and expected outcomes
2. Do not document on this pathway, complete documentation in the Electronic Health Record (Cerner) or paper chart as per policy

\*Previously titled “Clinical Pathway Head and Neck Reconstructive Surgery”

This material has been prepared solely for use at Providence Health Care (PHC), Provincial Health Services Authority (PHSA) and Vancouver Coastal Health (VCH). PHC, PHSA and VCH accept no responsibility for use of this material by any person or organization not associated with PHC, PHSA and VCH.
